

This Week's Learning

Week Commencing Monday 28th September 2026

Messages	Hello! This week is Maths Week! Many of our child-initiated enhancements will have a Maths theme this week. On Thursday 1st October I will be out of school for CPD. A very Happy Birthday to Alex & Lilah who turned 5 last week! A huge well done to our Star Pupil's last week: Milly and Lilah! 
Maths	This week we will continue Subitising. Subitising means 'knowing how many there are without counting' when looking at a quantity of objects or pictures. We will also be showing numbers using our fingers and saying number names when describing quantities.
Phonics	This week we will learn the sounds G, O, C & K. Last week the children began decoding simple CVC (consonant, vowel, consonant) words and were so proud of themselves when they realised they were reading! We will continue to do this with the new sounds.
Reading	Coming Soon...
Drawing Club	Coming Soon...
RSHE	This term our topic in RSHE is 'Being Me in My World' and this week's focus is 'Being At School', the children will discuss what we can all do to make school a great place to be.
Child initiated	This week in child initiated, the children will get to explore lots of enhancements linked to their phonics learning, book of the week and Maths Week.
Book of the Week	This week our book is 'We're Going on a Bear Hunt' by Michael Rosen and Helen Oxenbury, this links to our topic of the week 'Journeys'. We will be discussing different journeys the children have been on, both literal and metaphorical e.g. holidays and trips as well as the journey from baby to child and from pre-school to primary school.
